NAIROBI School of Leadership

Fred Osore

- » I host a School of Leadership (SoL) in Nairobi for 2 days once a month, there are current 10 students on the course.
- » Most of the students are at university in the city and there is also a local church pastor on the course.

MAIN MINISTRIES

My vision is that after training these students;

- » We may together plant a church in the city.
- » That some of these students may go back to their home/local churches either in the village or here in Nairobi and become dependable leaders and or church planters.
- » Some of these students will become SoL facilitators at our school or start their own SoL bases. That they will also be good advocates for our SoL city program.
