OCCUPIED TERRITORIES

A number of churches

- » We continue to support our 300+ friends in the occupied territories in various ways to assist their ministries that they faithfully, and at their own risk, continue to provide.
- » As it is impossible to travel to, or deliver humanitarian aid to, this has become increasingly difficult.
- » Through creative means, we continue to support financially.

For security reasons this description is fairly vague, if you would like to find out more please contact us via the email address below.
